FAMOUS FOR COLOR

Magnificent darkest "black" red, with small

OUR 30th YEAR
1923 - 1953

EDWARD AUTEN, JR.

Princeville, Illinois

PLANT AUTEN PEONIES

Select our varieties with complete confidence. We are supremely interested in selling you only the very finest kinds. Every order has my individual attention from the time it is received until the roots are shipped. Every root you receive has been fresh dug. We ship only high quality roots, standard 3 to 5 eye divisions, the best size to plant. Every variety listed is outstanding and worth while. Our specialty is strong stems. Blooms have good substance and last well when cut.

THE AUTEN ORIGINATIONS

The Auten Originations include many of the world's finest. Among them we offer you:—

UNFADING REDS in doubles, singles and Japanese type
SINGLES and JAPANESE unsurpassed

ROSE FRAGRANT doubles

SURE BLOOMING late doubles for the warmer parts of
the Peony belt

STRONG STEMS and vigorous growth

GLORIOUS HYBRIDS, extra early blooming

When you plant an Auten Origination you are to enjoy some of the results of 35 years of careful work in the development of new varieties. Peonies do not come true from seed, and the 240 Auten Peonies were selected from many thousands grown from seed. It takes from nine to fifteen years to make a new variety ready for sale, and for one so chosen, several hundred mature plants, five years or more of age, may have been grown and discarded.

TESTIMONIALS

All unsolicited, all received in 1952

From Illinois. Several years ago while living in northern Wisconsin I ordered peony roots from you which were the finest I ever saw. So this fall I would like to order roots from you suitable for growing in northern Mississippi.

From Washington. Several years ago I purchased many of the Peony roots originated by you. All of these roots flourished and have bloomed in all their glory.

From Indiana. In 1949 I bought Peonies from you. They certainly are beautiful, such nice, large, and so full of bloom.

From Washington. Received the Peony roots and found them fine in every way. Your stuff is good.

From Indiana. My Peonies I have had from your nursery are doing fine.

From Illinois. I certainly regret that I cannot come to see your Peonies this year, and look back on my visit last year as one of my most thrilling experiences. All of the Peonies you sent me last year are going to have blooms. Many thanks for the excellent roots.

From New York. I already have *Nippon Princess*, *Nippon Gold* and *Puritan Maid*, which have given us pleasure beyond words.

From Illinois. Peonies we received in 1951 doing well.

From California. Those to whom you sent Peonies last year praise the fine roots you sent.

From Minnesota. Got my first bloom on *Virginia Lee* this year and it is lovely. *White Perfection*, so charming, never fails me.

From Iowa. I think your Peonies are simply out of this world, and in time I hope to have many of your fine originations.

From Illinois. We have bought Peonies from you before and have been very satisfied.

From California. Your *Virginia Lee* and *Sword Dance* were beautiful.

From Wisconsin. (a grower) *Veritas*—quite striking. *Rose Marie*, extra fine, better than *Officinalis Rubra*. Larger plant, stiffer stems, larger bloom and better color.

From Illinois. I am very fond of the *Hybrids*.

From Massachusetts. Another year has rolled around and I must have a few more of your Peonies.

From Wisconsin. Up to two years ago I ordered many roots from you, and they are my best plants.

From Minnesota. Everything I planted of yours in the fall of 1951 is doing well.

From Ontario. I received the eight Peonies which you sent me about ten days ago and was very pleased with them. Enclosed is a post office order, for which please send—

RED DOUBLES, Auten Originations

Big Ben	Large medium dark red bomb, fragrant, on tall stiff stems. Very early, as early as Richard Carvel, but surpassing it in every respect. Has proven most desirable in the South, the East, and central U. S. Highly praised by commercial growers who have tested it several years. It should be in every commercial planting.....	5.00
Cleopatra	A very brilliant red double, some fragrance. It blooms with the very latest kinds, and, most important, it is a reliable bloomer, an advantage enjoyed by very few of the very late kinds. Blooms after Philippe Rivoire and June Brilliant. A standout.....	2.50
Daniel Boone	A very large rich dark red, midseason. On tall extra heavy stiff stems. A bouquet is a thing to remember. At its best in cool weather. A true aristocrat.....	1.25
Detroit	A large deep red bomb, fairly early, medium height. Form of bloom and plant suggestive of Felix Crousse, the most widely used commercial red variety, but Detroit is darker and much more refined in color. Should have a great future	5.00
Drummer Boy	A very brilliant dark red bomb on a stiff stemmed dwarf plant, the trim foliage, the beautifully formed blooms carried boldly erect, all combine to make an especially effective display	10.00
Fanchon	Brilliant black red bomb, fiery, unfading and long lasting. Narrow center petals. Just below medium height, very stiff stems. Very unusual, very fine, one of my favorites.....	7.00
Highlight	A rich dark red, blooming late midseason. Stiff stems, of medium height. Has been well received	7.00
June Brilliant	Late full double dark red, very brilliant. Tall stems. Trim bloom, not fragrant, lasts well when cut. Wins prizes. A rival of Philippe Rivoire, blooming at about the same time	2.00
June Giant	An enormous dark red. Has given me the largest red bloom I ever raised. Late. Won as best red red double, 1946 National show, best three blooms red double, 1952 National show...	6.00
Louis Joliet	Our most popular red double. One of the most sought after kinds in our fields. Color is dark red, clear and unfading. Produces an enormous number of blooms on stiff stems. Early midseason. A 'must have' variety.....	1.25
Paul Revere	Dark red double, late, blooming just before Cleopatra. Large bloom, grand color, an aristocrat	3.00
Radiant Red	An entirely new color break in reds, Cochineal red in ordinary temperatures; late midseason. Very trim bomb, on very stiff stems of medium height. Very distinct, and one of the finest reds	3.00
Rosalie	Close to the true American Beauty shade of red. It looks like a rose, is especially beautiful in bud. Not tall, but a very strong grower, gives many blooms. Lasts a long time, fine for cutting. We have customers returning repeatedly to get more roots of Rosalie.....	1.00
Santa Fe	Brilliant dark red double, color does not fade. Midseason, blooming just after Louis Joliet. Strong grower, many blooms on stiff stems. Highest quality.....	2.00

RED DOUBLES, Auten Originations (Cont.)

- Sinbad** A large, high built red semi-double, with a purplish cast. A novelty, as the edges of the petals are silvery. Late midseason. Tall stiff stems. Striking effect, best in cool climate. 2.00
- Tempest** Generally considered the best dark red peony for color, rich, dark, clear and unfading. Midseason on good stems. Substance extra. When not disbudded, one stem makes a fine bouquet 2.50

- Old Siwash** One of our truly great doubles. Comparable with Auten's Pride. It has a most wonderful silvery sheen, a delicate blush on opening. Rose fragrant. Large bloom on tall stiff stems. Early midseason. We cannot recommend this too highly 2.50

In color and form it is one of our most charming blooms	1.50
Pink Glow	A bright pink double, late. Bloom loose petalled, beautifully finished. Held high above the foliage, which starts at the ground. An outstanding variety	7.00
Pink Monarch	A bright, deep pink, with a collar of golden yellow. Very distinct and unusual. Large flat bloom, midseason. Very tall, bloom carried well above the foliage. A picturesque variety that attracts considerable attention in our fields. Every person with a Peony collection should have this variety.....	3.00
Pink Solange	A large medium pink double, full petalled. Late and a sure opener. Stem tall and stiff. Sometimes resembles the old Solange in shape of bud and bloom, but is a deeper pink. A fine flower for so small a price.....	2.00
Prairie State	A very large pink, with darker tints toward the center. A sure opener on a tall rugged plant. Midseason. A sensational variety that should be most welcome to those who like big blooms but live where hot weather makes some big ones uncertain.....	6.00
Virginia Lee	A glorious pink double, large and with exceptional charm and beauty. It is when newly opened, more silver and salmon than pink. It has a lovely glow. Opening wide, the form is especially beautiful. Virginia Lee is very, very late, but unlike many late Peonies, opens freely and completely. We consider this one of our greatest originations	3.00

From Georgia. Your Sky Pilot is excellent here.

From Oregon. Peonies received from you some years ago were very lovely this year and much admired. Please send—etc.

From Illinois. I was very pleased with the Peonies I bought from you last year.

THE AUTEN SINGLE PEONIES

Single Peonies, with their fine contrast between the petals and the mass of yellow stamens should be more and more appreciated. We have obtained kinds which retain their charm till the end, which do not flop their petals badly, and which are borne on strong plants with good stems. Discordant colored seed pods are not tolerated, they must be green or same color as the petals. Extreme size is not desirable. Choose from the following with confidence.

RED SINGLES, Auten Originations

Arcturus	Clear, rich velvety red, fine form and substance, on a good plant. Does not fade. Has won many awards, and is of the very highest quality	2.50

Angelus	Generally considered the best light pink single. Large bloom on a fine plant. Even soft pink, outstanding for its charm and refinement..	2.50
Elfin Pink	A soft, even toned true pink that holds its color to the end. Good stem, fine plant. Really high quality pink singles are rare, but Elfin Pink comes up to the most exacting requirements....	1.50

Moon Mist	Pale pink with darker dots. Very early, on tall stiff stems. An exquisite variety, valuable both for garden effect and for cutting. Opening bud looks like a pink rosebud. Useful for Decoration Day where the doubles are just barely too late	1.00

A Hybrid, an Auten Origination. Pink. \$12.00

OFFICINALIS HYBRIDS, Auten Originations

This new race of hybrid Peonies starts blooming about ten days before the regular Peony season. They are of surpassing beauty, giving us reds more brilliant than we have ever had, and new shades in coral, cherry, salmon, and orange; reds free from any purple cast. They were obtained by crossing the common species, Albiflora, on the Officinalis species, which is much earlier. The result is a longer Peony season, a vast improvement in reds, and beautiful variations in form of bloom. Until one has seen them, he can have no comprehension of their beauty. They make an outstanding addition to any garden. We suggest that for first order you select from **Chocolate Soldier, John Harvard, Rose Marie and Veritas.**

Auten's Red A full double, bomb type, with slight yellow markings. Very rich velvety dark red, large bloom, on a fine plant. One of the finest double Hybrids we have seen..... 30.00

JAPANESE TYPE PEONIES

So called because the Japanese people prefer them to all other types of bloom, and were the first to develop many new kinds. This type is the first advance toward the double type, with narrow center petals, usually edged with yellow. They furnish color contrasts in the same flower obtained in no other type, and are especially valuable for cutting. In the anemone type, the narrow center petals have no contrasting yellow markings, though some, like **Nippon Gold**, have all yellow centers.

The AUTEN ORIGINATIONS, Japanese Type

These are a vast improvement over those from Japan. They have better color, better stems, and are much more vigorous.

Dr. Jekyll	Brilliant dark red, some of the side blooms have more petals than the Japanese type. Tall stiff stems. It is very late, and very valuable for garden effect near the end of the season.....	1.50

NOVELTY PINK JAPANESE, Auten Originations

Here is a list of most unusual kinds for those who like the so-called "orchid" shades in flowers.

- Fancy Nancy** A soft cerise pink Jap, almost uniform in color, of exceptional purity and refinement... 3.00
- Gay Paree** Guards deep cerise, center lighter cerise with creamy lights flushing toward white. One of the most distinct and striking of all novelties. Bloom has exceptional charm and distinction, and plant habit is fine..... 5.00

From Washington. All of the roots received from you last year did well, especially **John Harvard**. With me it does more than promised. The flower lasted well, beautiful and attracting much attention all the time. **Rosedale** was a vigorous performer and the close resemblance for a long time to a partly open big rose bud was a bit startling.

WHITE JAPANESE, Auten Originations

Undoubtedly the finest white Jap that ever came from Japan is the variety Isani-Gidui. It has white guard petals of wonderful form and substance, and a center of yellow petaloids. But the stem is not the best and the plant also lacks vigor. The Auten white Japs, most of them seedlings of Isani Gidui, are the same type of bloom, some are larger, most of them have deeper yellow centers than Isani Gidui, and all are on vigorous plants with good stems. You need look no further for top quality white Japs.

Christine	Tall, fairly early, large bloom, very vigorous plant, stiffly erect. Highest quality.....	5.00
Cordova	Very large bloom, white with light yellow center. Fine plant. Outstanding.....	3.00

Moon of Nippon	(9.26) (R. W. Auten). Combining the high quality bloom of Isani Gidui and the fine stiff stem of Marie Lemoine, its parents, this white Jap ranks with the very best. Beautiful pure yellow center. Has won many awards..	7.00
Nome	Probably the earliest, and with the fine points of the others.....	4.00
Roberta	Very large, and tall, a refined bloom, plant less formal than the others.....	2.00
Sitka	Pure white outer petals, center petaloids are broader than in the others and are a very rich yellow. Tall, the bloom carried in stately fashion above low foliage.....	3.00
White Crane	A typical white Jap with yellow center, gracefully carried on tall slender stems.....	5.00

TESTIMONIALS

All unsolicited, all received in 1952

From Alabama. I have a row of **Big Ben** of 18 plants. The row next to **Big Ben** was **White Delight**, consisting of 18 plants. These two rows were in full bloom at the same time and were the sensation of the garden. **White Delight** was the best white in my garden. I much prefer it to any white I ever grew. **White Delight** was better than any Kelway's Glorious I ever grew. **Big Ben** is a red bomb and ranks as high in its class as **White Delight** in its class; head and shoulders above any red.

From Ontario. (A grower) **Rose Marie**, **China Boy**, **Smoky Joe**—I got these from you last year and they bloomed so attractively that a friend wants them.

From Washington. (A grower) On the plant of **Yukon** that I disbudded nearly all the blooms were eleven inches, and it was beautiful. — We voted it the most beautiful cut flower white. **Sinbad** was also just out of this world, the petals were so velvety and the flowers huge loosely double.

John Harvard gets better each year.

From Kansas. (A grower) Received the roots and they were fine. I now want some more.

From Illinois. — — — brought up the fine salient features of your origination **Monterey**. I have it too, and think it outstanding, there is nothing like it.

From New Jersey. There can be no question but what "Auten" is the boy who grows and breeds the world's best arranging stuff. **Do Tell** is absolutely super duper.

From Illinois. We have 36 Peonies from your fields but are going to try to squeeze in three new ones this year.

From Indiana. **Sanctuary** is a fine sturdy plant and good heavy petal bloom, 8 to 9 inches. I liked it from the first year. I also have a fine **Tempest** plant. It is the best of the collection of reds I grow.

From Illinois. The Peony roots received in good condition and carefully planted. Now I have four Nippons and about 16 other Auten originations.

From Minnesota. (A grower) We are very much in love with the variety **John Harvard**.

From New York. Your Peonies have made a phenomenal showing in my garden. Friends say they cannot believe their eyes. **Nippon Princess**, **Nippon Gold**, **Puritan Maid**, also double **Louis Joliet** are particularly outstanding.

You will have the new orange red in Rose Marie, a most distinct red in Radiant Red, one of the largest blooms in Yukon, a superb low growing silvery pink in Peggy, an entirely new form of bloom in Veritas, two very late kinds sure to open, in Cleopatra and Virginia Lee. This collection cannot be obtained elsewhere.

FREE PEONY

If your order totals \$10.00 or more we will include free of charge one choice Peony of our selection, or if it totals \$20.00 or more we will include two choice Peonies of our selection. Collection offers not to be included in figuring totals for free Peony.

GROWING PEONIES

Peonies are not only the finest of all hardy perennial plants, they are also just about the easiest to grow. Planted in good soil, well drained, with full sun if possible, they last many years, and require a minimum of care.

Since a Peony is so long lived, it pays to get only the finest kinds. The added satisfaction and enjoyment every year in having the very best makes first cost not an expense, but an investment. Our quality standards are the very highest, our prices most reasonable.

Write us if you wish special advice on choice of varieties or on cultural problems.

QUALITY ROOTS. We send quality roots, the standard 3 TO 5 EYE divisions, which is the best size to plant.

FULL PLANTING AND CULTURAL DIRECTIONS are sent with each order.

FALL SHIPMENT ONLY, beginning Sept. 1st. Please send your order as early as possible. Early planting, though not imperative, is nevertheless advantageous. We are at the mercy of the weather after Nov. 1st. For several very valid reasons we do not recommend spring planting of Peonies. Fall is the natural time to plant.

PLANTING DIRECTIONS

IMPORTANT—Open your package of roots immediately when they arrive. Plant as soon as possible but if you have to wait a few days, either keep moist in open box in cool cellar, or better yet, bury in garden.

Plant Peonies in good, well drained soil, in full sun if possible, and away from trees, buildings, etc. Do not plant where a peony has been before, unless all old soil is taken out and replaced with fresh. Plant 3 to 4 feet apart; set so that the eyes point upward and are 2 to 3 inches below the top of ground (very important). Give each root 2 quarts of water when planted, and then make a 6 inch mound of dirt above ground level to prevent heaving, scrape mound away late next spring.

In northern states, a mulch the first winter is advisable.

People living as far south as St. Louis should choose mostly early doubles, singles and Japanese type.

TESTIMONIALS

All unsolicited, all received in 1952

From Ohio. Received the Peony roots Oct. 4. They are very fine, the best we've had.

From Wisconsin. Your catalogue tempted me so much, that I now have eight of your Peonies, and like every one of them.

From New Jersey. The roots came in good shape.

From Kentucky. The "Sword Dance" is perfectly beautiful.

From Alabama. The shipment of Peony roots arrived in good order.

From Texas. The nice roots you sent us arrived the 27th of Sept. This makes a total of fifteen of your originations in our collection.

From Oregon. The Peonies arrived some time ago in good condition — the ones I had from you some years ago were lovely this year. **Yukon** and a red Japanese type were especially effective and much admired.

From Wisconsin. Yukon did well on both spots where I have it planted.

Tempest, Cleopatra, White Beauty and White Perfection all did excellent and **White Delight** is a very fine pure white that we like a lot.

From Missouri. Thank you for sending my Peonies. They are very nice roots.

From Ohio. Your **John Harvard** is certainly a fine and highly useful Peony, and so is **Arcturus, Nippon Beauty**, etc.

From Illinois. The gardens you have were beautiful this year and we will eagerly look forward to seeing them every year.
